SABRIL GUEST SPEAKER QUESTION ASSIGNMENT

Instructions: At the upcoming meeting we are pleased to have both Dr. David King-Stephens, as well as a patient, to present during the Sabril General Session. Dr. King-Stephens, who is Director of Clinical Neurophysiology at California Pacific's Epilepsy Program, will discuss surgical and VNS options as well as where Sabril can play a role in epilepsy management.

Questions you would like Dr. King-Stephens to answer:
